

I want to encourage you to refuse the overtures of the Banking Lobby and deny their request to weaken Indiana's "no call" policy. I DO NOT WANT solicitors calling me at home even if I have an established business relationship with them. If I want a service I will call THEM and request it. They can send me anything they want in the mail. The law works just fine in Indiana as it is.

Thank you for your consideration.

Sincerely,

Jeffrey Haas
